Working for the last person from the last house:
Greetings from Amar Sanskar Kalyan Kendra, Jaina More - Bokaro

For the year 2012-2013 Sanskar has continued to do its best by bringing about social empowerment to the women, men by upgrading their ability to manage micro credit and small domestic trade.

Efforts were made for the child education on the platform of “Sarva Siksha Abhiyan”. Short term new partnership was initiated with Mahila Samakhya Society under Social Welfare Govt. of Jharkhand on the issue of “Hand Washing”. Efforts have been made in the field of Nirmal Bharat Abhiyan, Jal Sahiya Training and construction of toilets and awareness on hygiene at community level, at present is showing results.

Sanskar by staying true to its vision has provided vocational training to the youths in three streams namely, beautician's course, basics in computer application and plumbing. Some of them are already earning by themselves.

Contribution towards attaining the MGD goal in the segment of control of Tuberculosis Sanskar is working in three districts of Bokaro, Dhanbad and Simdega where on basis regular awareness is done and suspects are referred and follow up done of persons who are on medication.

AVHY program proved a breather for the artisans in the three blocks of Bokaro district. Sanskar took initiative to from 45 SHG groups with 604 members and they were linked with the bank.

Through our trainings and workshops we influence and motivate volunteers and groups/communities within which they work, and encourage them to contribute towards the development sector. By consolidating activities and expanding our collaborations, we strive to add strength and value to the work of partners in the field of governance and advocacy.

The organization stands committed to people’s wisdom and knowledge and facilitate them to take responsibility to decide and choose the way and means for their own growth and advancement.

I would like to express heartfelt gratitude to all our committed volunteers, partners and donors for their technical and financial support and to my governing body members and staff for their involvement and commitment which has enabled us to implement all those programs successfully.

Yours Sincerely

Ravish Kumar

“SANSKAR” an INTRODUCTION:

SHREE AMAR SANSKAR KALYAN KENDRA (SANSKAR) is a non-governmental voluntary Organization, laid its foundation stone in the year 1980. A group with solidarity and integrity in every sphere of human life came forward for the innocent, marginalized with the simplified object to work for the betterment of deprived section of the society. Finally, it was registered under society’s registration Act in the year 1982.

In the initial stage, during the period 1980 – 1992, the organization made efforts for social cohesion, the organization worked in very simplest form as people’s facilitation and in the later stage from 1993 onward, the organization modified its strategies and expended the area of interventions basically in rural base and the organization with full fledge planning, started its intervention in grass root level with a need based and issue based and participatory approach. The organization has knowhow gathered through 33 years of working experience in the field of community development.

LEGAL STATUS:

REGISTERED UNDER

- Section 12 A under Income Tax Exemption
- Section 80G under Income Tax Exemption

Mission

“Sustained food and nutritional security of poor and disadvantaged community, so that they can identify, utilize their Potential and resources for sustainable development and preservation of the environment and ecology”.

Vision

“Over all development of the marginalized and indigenous rural community, through awareness, community empowerment and social mobilization and build just society based on human value of fraternity, equality and Justice”.

Working for the last person from the last house:
Objectives of the Organization:
- To work for the upliftment and to strengthen the poor and marginalized people irrespective of their caste, creed, sex and religion and to bring in social change through motivation, awareness and facilitate them to take correct decisions in their life.
- To enhance skill and knowledge for income generation activities for the ST/SC/Other weaker section of the society in rural areas for the development of their socio-economic conditions.
- To aware for safe drinking water & sanitation, to save environment and promote non-conventional source of energy to eradicate environmental pollution.
- To educate children and women through formal and non-formal education programme.
- To build capacity and encourage self-reliance by organizing youth’s groups and Mahila Mandal’s.
- To promote small & cottage industries and Handicrafts to save traditional skill’s and culture and for income generation activities.
- To rehabilitate Orphan’s, disabled, trafficked children, adolescent girls, women’s and isolated widows and elders.
- To provide service during natural disaster and calamities.

Operational Strategy of “SANSKAR”:
Over the years “SANSKAR” has evolved as a NGO which was initially working in institution building and health and nutrition at community level; at present the organization has broadened its activities to other social security frameworks in the field of development. Thus this transition has made the organization evolve its own framework of strategies.

- **Institution building** and working with the community based institutions/organization- SHGs, watershed committees, gramshabha, kishore mandals etc.
- **Effective liaisoning** and coordination with the local government and maintain the rapport.
- **Establishment of networks** with CBOs and NGOs for better program coverage and quality program.
- **Linking groups** with government programs for sustainability.
- **Continuous capacity building and strengthening of CBOs** as an empowerment process for growth of the society.
- **Right based approach** is the tool used for providing program directions and demand for righteousness and progress.
- **Need based and participatory approach** towards planning/implementation and monitoring.
- **Community based monitoring**, an eye opening for the community and by the community.

Working for the last person from the last house:
Basic Orientation Program: Funded by DRDA.
Under NRLM Sanskar has trained 25 SHG groups consisting of 273 members in the skill development of “Goattary”. 70% of the members are from BPL category, 100% are female. Five groups were trained in PDS management out of which four are running.

Vocational Training Program for Rural Unemployed Youth for their Economic Self-Reliance of Kasmar Block, Bokaro, Jharkhand :( Funded by FVTRS):
Three courses namely computer, beautician and plumbing were conducted for the youth in the Kasmar block of Bokaro district. Target group were the ST/SC/OBC and Weaker sections.

The tribals in are not only facing socioeconomic challenges but are also been threatened by the displacement due to construction of industrial and educational establishments, roads etc. their farmland is been procured by the government for the same which effected their food security and their traditional socio-psychological family

Working for the last person from the last house:
relationship I relationship. The project aims at “Promotion & Sustenance of SHG Federation (Kranti Mahila Sangh) Through Cluster Approach in Jaridih Block”.

The members were oriented on Micro credit management, Gender and raise their voice against the social causes like “Alcoholism/Dain Pratha/Social inclusion and mainstreaming of persons from the marginalized section/sending of children to school, old age pension etc.

Upliftment of Bamboo Craftsmanship under AHVY Program in Jharkhand; Funded by Ministry of Textile

Its basic objectives are to work for the rural upliftment of deprived person of the target area of this district. The main objective is to help people initiate social change through awareness and motivation. The main thrust is on a projective need based approach for integrated development of potential handicrafts clusters with participation of the craft persons at all stages of the implementation of the schemes with the ultimate objective of their empowerment and sustainability. The scheme provides a package of support to the clusters of the handicrafts artisans. The basic inputs include infrastructure support in addition to capacity enhancement to cater to target markets.

At present effort is made for the linkage of the groups with the banks and plan for capacity building for higher standard of craftsmanship.

**Jute Craft Funded by “Technopak”**

100 BPL women were trained in stitching of Jute bags of diverse kinds. This was done in the village Bhui, block Rajgir, in the state of Bihar.

- 30 days training course on stitching jute bags.
- 07 days training was provided to the women on health, nutrition and hygiene.

**Workshops: Activities from the General Fund**

Sanskar in its drive towards “Sustainable Development” has humbly come forward to organize activities which not only provide social safety and security but also economic empowerment at community and household level.

Series of community level workshops were organized to make people aware about the HIV and AIDS. The main target populations were the migrants their spouses and youths. The points of discussions were the following:

- A brief explanation about HIV-AIDS.
- How it spreads and how it does not spread.
- Addressing various myths and misconceptions associated with it.
- Parent to child transmissions.
- Where you can get yourself tested.
- Diet and precautions to be adhered by a positive person.

**Health awareness campaigns** were regularly done at village and schools on the following:

- Nutrition for pregnant and lactating mothers
- Nutrition for infant, child and importance of growth monitoring
- Birth spacing and family planning methods
- On HIV and AIDS
- Health and hygiene for the children at school
- Cleanliness and hygiene at household level and surroundings
- Preventive measures to be taken before rainy season
Disability is a challenge in our society. The problem must be looked into with empathy and compassion. Couple of workshops was organized by SANSKAR to make sensitive to the challenge. The participants were the family members of the disabled and general public. The issues discussed are the following:
- Understanding the term disability.
- Types of disability (Both mental and physical)
- Language and terminology.
- Various Acts were discussed in brief:
  - Person with disability act-1995
  - Mental health act-1987
  - Retardation and multiple disability act-1999
  - The rehabilitation council of India Act-1992
  - The national trust for welfare of persons with autism, cerebral palsy, mental retardation & multiple disability act.
  - Health Law art 47
  - Family law, succession law, personal law were discussed in brief
  - Various government provisions on education, employment, travel, tax relief & pension.
  - Social security and responsibility was also focused on.

Workshop on senior citizen rights:
Population of the aged has increased over the years as the death rate has come down. SANSKAR took up the mantle to make the Senior Citizens and other interested aware about their rights. The following were the points of discussion:
- Problems of the aged.
- International efforts
- National Efforts; constitutional efforts under Art.41, 46 and directive principals as stated under Art.37.
- Legal Protection under Personal law – (Hindu/Muslim/Christian and Parsi Law)
- Provisions under code of criminal procedure.
- Government Protection and Facilities for the Senior Citizens
- Discussions on Senior Citizen Bill, 2007.
- The staff of SANSKAR had also facilitated senior citizens link up with bank/post office and blocks to avail government facilities.
**Women Atrocities:** “Gender based violence is a violence of human rights”

On 8th March 2013 on International Women’s Day a work shop was organized at Bokaro and the following topics were discussed:

- ✓ Section 498-A for married women introduced in 1983.
- ✓ Female Feticide.
- ✓ Protection of women against sexual harassment at workplace Bill-2010.
- ✓ Law to curb atrocities on women in the name of witchcraft.
- ✓ Honor killings.

**Drug de-addiction:** Drug abuse is eating our society and it is increasing at an alarming pace. It is responsibly to tackle it immediately before it shifts high gear. Workshop was organized for the youth and parents so that they become sensitive to the issue and responsibly take corrective measures. The discussion topics in the workshop are as follows:

- ✓ Causes of drug use
- ✓ Commonly used drugs-marijuana, sedatives, cocaine, LSD, narcotics, cough syrups, inhalants, dendrite, whitener thinner, spirit etc.
- ✓ Initial general warning sign of the user
- ✓ Principals of effective treatment includes a combination of medical, psychological, social, vocational, legal and alternative strategy of yoga and pranayam can also be included.
- ✓ Affects of drug abuse was discussed on physical, mental, family, society and economical level.
- ✓ Where to avail help
- ✓ Who all can help
- ✓ Role of government (JSACS)
- ✓ Role of our society
Agriculture and Allied Activity

Land leveling and Bunding:
A series of workshops were organized for the farmers on the subject. They were made aware how land leveling along with bunding would:
- Stop soil erosion
- Hold water
- Improve soil moisture content
- Improve production
- Multiple crops
- Choice of crops increases
- Improved food security and economic security.

SRI System of Rice Cultivation
Training was provided to the farmers through a series of workshops on the paddy seeds pertaining to the variety of Bandana and IR-36. Every detail from sowing to harvesting was explained. These are draught variety and through SRI system the yield is very good.

Water Harvesting:
A chain of workshops were conducted for the farmers and the following concerns were discussed:
- Explanation of water harvesting and its importance.
  - Importance in drinking.
  - Irrigation.
  - Augment ground water level.
  - Reduce urban floods and overloading of sewage system.
  - Abate ground water pollution.
  - Supplement domestic requirement.
  - Maintain habitat of flora and fauna
- Types of water harvesting structures were explained
- Link between water harvesting and watershed management was clarified.

Mushroom Cultivation: This is one the trades which can be done from home. The cultivation process is easy and profits are fairly good. SANSKAR had organized workshops for the farmers both the male and female were involved in the workshop. The following were discussed in the workshop:
- Fungus ecology
- Lifecycle and types of edible mushroom
- Farm layout and hygiene
- Spawn production
- Fruiting and harvesting
- Control of pests and disease.
**Workshops on vermicomposting:** Vermicomposting which is commonly called “kechua khaad” is gaining ground day by day amongst the farmers of Jharkhand, because of low production cost, easy maintenance and facilitating high yield. The following issues were discussed:

- Pit and its dimensions and shed above.
- Preparation of the pit with dung, grass and straw.
- Placing of vermi in the pit.
- Number of days required for preparation of the compost.
- Withdrawal of compost and specifications required for different agricultural purpose.
- Care and maintenance of pit.

**Training on “Poultry (Broiler), Piggery, and Goattary:**
Sequences of workshops were conducted separately for the farmers at village level on the following issues on the above mentioned animals to harvest income:

- Care and diseases of the animals.
- Upkeep of the animals.
- Feed of the animals
- Growth of the animals
- Sale of the animals
- Maintenance of books of accounts by groups and individual.

**Dairy Development:** Jharkhand is primarily an agricultural state. Dairy development in Jharkhand has lot of scope as it has shortfall of milk production. The local breed of cows produce is very low quantity of milk and tribals also do not milk the cows as their culture does not permit. However at present trends are changing and the following topics were discussed:

- Scope of dairy
- Selection animals as milk cattle
- Upkeep and maintenance of animals; diseases and care
- Feed of the animals and growth
- Sale of milk and its products which fetch higher price
- Maintenance of books of accounts.
Exhibition of Handicraft: SANSKAR had organized an exhibition of the handicrafts at Bokaro. All the local artisans were invited to display their craft work in the exhibition. Two trades of handicraftsmen were involved in the exhibition. Bamboo and terracotta products were displayed and were sold by the craftsmen. The exhibition proved to be a marketing exposure for the craftsmen and ventilated their skill to the outer world. During the display several orders were also placed by the visitors.

Mobile Repairing: This is one the areas where the youth of today can earn money as a side business. In a successions of awareness programs youths were made aware about the trade, where they can learn the software and hardware and what would be the expenditure. The following information in brief was explained to the youths:

- What they should know about basic electronics
- Knowledge about mobile phone
- Micro chip and processor technology
- Chip level practical training
- Circuit diagram and software installation
- Tracing fault in hardware and software
- Followed up by 100% practical training.

Health & Nutrition, Hygiene & Sanitation

In Partnership with CARE, SANSKAR is implementing the TB awareness program in the three districts of Jharkhand namely: Bokaro, Dhanbad and Simdega. This program is a complementary effort made by SANSKAR which is in relevance to the MGDs to reduce the mortality and morbidity related to TB. This is an effort to support the GOI RNTCP.

Population Coverage

<table>
<thead>
<tr>
<th></th>
<th>2100000 Bokaro, 35000 Dhanbad, 250000 Simdega</th>
</tr>
</thead>
</table>

Activities undertaken:

- Referrals for sputum test
- Village level awareness meetings during VHND
- Workshops /village level meetings/rally/
- School awareness program
- Awareness with PRI members

Working for the last person from the last house:
 ✓ Workshops with CBOs
 ✓ Meeting with mahila mandal
 ✓ Follow up with the defaulters
 ✓ Government liaisioning and meeting with Govt. TB department.
 ✓ Observed International TB day
 ✓ Observed International women’s day on 8th March.

Inculcating healthy practice leads to clean environment helps people to create a healthy society. Government initiated a program for total sanitation campaign with the following aims & objectives:-

- Eliminate manual scavenge
- To achieve full coverage by 2010 by generating demand through IEC & eradicate the menace of open defecation.
- To cover school toilets by 2005 – 06.
- To improve the general quality of life in rural areas.
- To inculcate hygiene practice thereby bringing about an attitudinal change leading to healthy practices.

Sanskar in partnership with “Prakalp” is involved in this mission and has contributed its bit in the District of Bokaro. The villagers are motivated to construct the low cost sanitary latrines, use the safe drinking water and maintenance of the water resources. Refer the below for details:

“TOTAL SANITATION CAMPAGIN”; Development Partner “PRAKALP”
Under the “Nirmal Bharat Abhiyaan” one workshop was organized at panchayat level Araldih in Bokaro, where 275 numbers of community members participated.

Anganwadi Sevika and Sahayika Training at Sanskar Training Center
Funded by Social Welfare Govt. Of Jharkhand

Sanskar is the NGO which hosts the anganwadi Sevika and Sahayika trainings on “On job course and Refresher. The staff of Sanskar is also involved in imparting the training of the workers on the “Roles and Responsibilities” of the both the Sevika and Sahayika. All the functional side of the workers are covered as per their “Roles and Responsibilities” in implementation the “Integrated Child Development Services”. The trainings are conducted with the support of social welfare department on recent development in Nutrition and Health care of children and women since June 2005.

Training center at Sanskar (Jaina More) Bokaro covers three districts namely: Bokaro, Giridih and Koderma. It conducts 32 days of on job course for the Sevikas and 07 days refresher course also for them. It also conducts on job course for the Sahayikas for 8 days and refresher course for 5 days.

Working for the last person from the last house:
The employees of SANSKAR make it a point to visit Anganwadi center on the “VHND” (Village Health and Nutrition day). They provide information on the various phases of child and mother health and nutrition; information on “Family Planning” issues is provided; they help the Sevikas on the growth monitoring aspects of the child. Awareness generation on TB program is provided. They provide information on various health programs of the government.

The “VHND” platform is also used for making aware the community on HIV-AIDS- how the infection spreads, how it can be prevented and where people can go for testing for confirmation.

“World Breast Feeding Week” was also observed from 1st August to 7th August at local village level where importance of “Colostrum feeding, exclusive breast feeding and weaning was discussed with the mothers. Mother’s milk is the right of the child for its survival and normal growth. Mother’s milk has life long health effect on the child.
Sanskar in order to facilitate global hand washing day on 15th October had organized a district level workshop at Bokaro, objective been disseminate the importance of “Proper Hand Washing” technique amongst the children and inculcate the practice in their daily life.

- Activity was also planned for the “Global Hand Washing Day” to be organized on 15th October.
- Visits done on 15th October at
  - Anganwadi Center
  - Schools
  - Anganwadi Training center
  - Community Awareness at panchayat level

The Workshop Was Jointly Inaugurated by the “Executive Engineer-PHED-Mr. Shiv Nath; in specks”; District Program Officer Mr. Rai; SDO TSC (In Pink), CDPO Ms. Suman Gupta and Doctor N.P. Singh.
In order to enhance enrollment at school level Sanskar in partnership with Bokaro district SSA had organized and provided training to 110 people on Nukkad Natak.

Sanskar also provided training to 100 anganwadi workers on the play method of education at pre school level.

Sanskar facilitated a diagnostic survey for the adolescents (11-18 years) in the districts of Bokaro, Ranchi and Gumla. It was an effort to bring out the health/nutrition/social and skill status of the adolescents.

In the present situation the above subject has become a burning issue at all levels. These are also a process of development with which we achieve our objectives. SANSKAR in association with “Jan Sadbhavna Manch” is advocating various acts at grassroot level and state level which are related to tribal development. Governance is another area where SANSKAR has worked with the PRIs. Through networking with the community based organizations SANSKAR has reached interior villages on awareness of TB. These have become hard core essentials for formulate successful development strategy.

SANSKAR been a part of the Networking NGO “Jan Sadbhavna Manch” has participated at the “State Level Consultative Meet on the following four themes:

- CNT Act and SPT Act.
- Civil Rights
- Post Panchayati Raj Scenario Analysis and
- Land acquisition, Resettlement and Rehabilitation Act.

SANSKAR team makes it a point to aware the common village people about their rights, about various Acts and how it effects their land ownership and about governance, how they responsibly play an active role in the Panchayat for development.
Governance

SANSKAR took an active role in the training process of the PRI members pertaining to the District of Five Blocks of Bokaro District; it was funded by social welfare dept. Jharkhand; the details below:

<table>
<thead>
<tr>
<th>No. of Blocks</th>
<th>Total Participants</th>
<th>No. of Batches</th>
</tr>
</thead>
<tbody>
<tr>
<td>05</td>
<td>1406</td>
<td>38</td>
</tr>
</tbody>
</table>

The participants in the work shop were – Mukhiya, UpMukhiya and Ward Sadasya.
The Object of the training was:

- To create awareness on Panchayati raj.
- To make the representatives versed with their roles and responsibility.
- To make them familiar with the importance and role in Gram panchayat and democracy.
- To build the capacity of PRI representatives so that they can effectively participate in the development of their area.

The team of SANSKAR is vigilant at the grassroot villages by making aware the common people about their roles and responsibilities they must play at the panchayat level for the overall development of their area.

Networking

SANSKAR is implementing the TB project (Funded by CARE-India, Jharkhand) in the districts of Bokaro, Dhanbad and Simdega. In each district it is working through a network of 15 community based organizations (CBOs) in all 45 CBOs in three districts. The advantage of the approach is:

- Better access at the interior village,
- Advantage of the locals in terms of language/culture
- Will know the whereabouts and when people will be available for contact.
